# Opening

Once again it's on! . . . It's another school year for students, and excitement is in the air with another hype school year for Northeast Raiders. The first week of school started off with the meeting of friends, reminiscing of the old school days and finding out how other classmates spent their summers. Classmates asked each other questions that ranged from: "What classes do you have?" to "What are you doing this weekend?" Students prepared for many changes, such as the new semester system and new teachers. As we buckle down for the months ahead, many Raiders think about what's the future going to bring for them with the education they've learned from Northeast High School.

Students at Northeast star off the school day by meeting friends and finding out what's up for later that day.

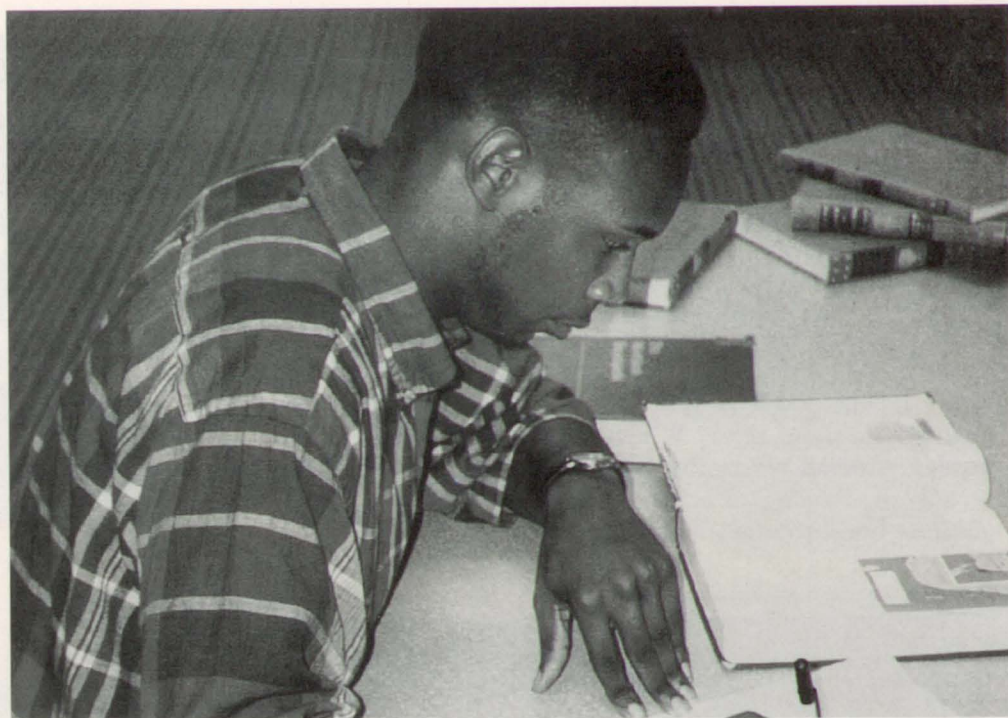

Seniors, Shermonite Thomas, Eric Coons, Alphonzo Crawford, and Steven Johnson, gather around Mr. Parry to receive there grades in Physics.

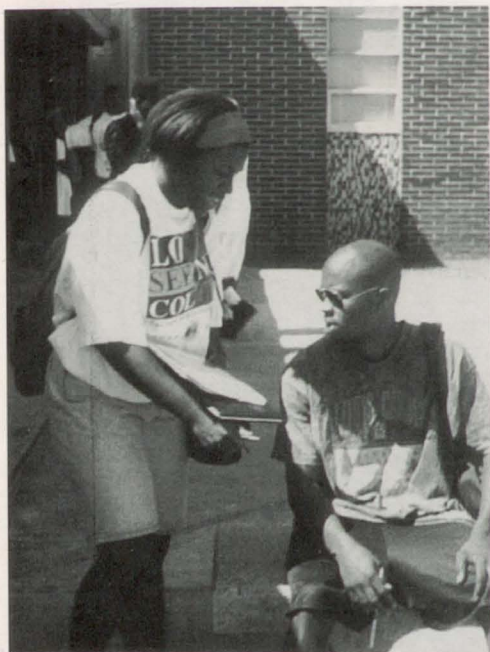

Juniors, Benjil Lightfoot and Kametrius Singleton, have an embarrassing moment in front of their locker before their next class.

Sophomore Chan Thrope works hard to make the grade.

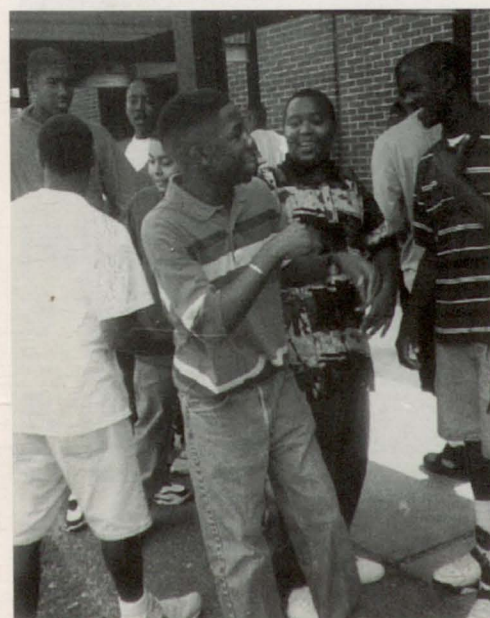

Junior Shawn Ward ask Senior Ben Brown for his opinion.

Raiders sporting their own unique style.

Senior Jeffery Grant cheerfully walks his friend to class.

Raiders clowning around and enjoying their lunchbreak.

Senior Laura Slagle looks shocked as her picture is taken.

# “Drivin’ Raiders”

Driving to school is the best thing happening for students at Northeast High. One reason is it's a good thing. Students get to show off their cars or trucks. Driving to school is a privilege you look forward to from the beginning of your high school years. While the majority of Northeast students are still riding the “cheese”, a great number drive to school. Driving to school is indeed a privilege and a definite boost to one's social life.

Nicole Terry is just chillin'.

Tim Spradley shows that his Impala lets him be the #1 Mack.

It's not just a “mirage”. Lori & “Susie”- The real thing!

Shalandra Ware shows her “maxima” excitement!

Jerod and Jerome Finney are driving in style.

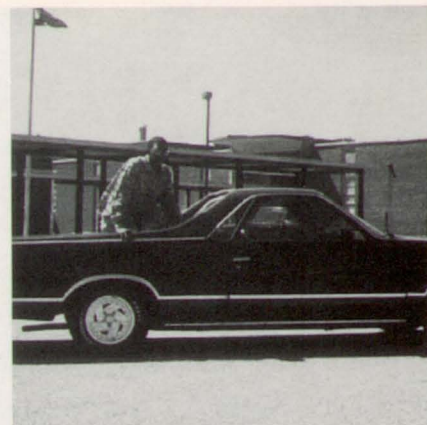

Niketa Winborne says, "What's up Northeast!"

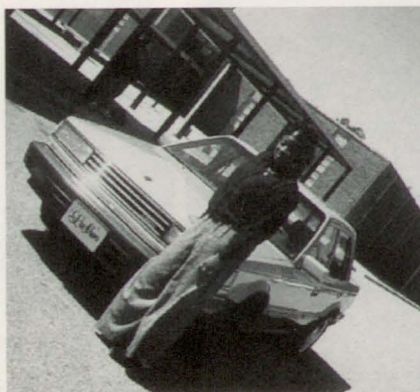

One of a kind, Whitehead I.

Charles Smith shows that it is not just a Senior or Junior thing.

Ricky Johnson says, "This is for the chill!"

LaShon Poole's sleek maxima.

Timiko Gray shows a gangsta lean on her Celica GT.

Allan Davis shows his pride by his Jazzy Tercel.

Dana Thomas knows everyone wants to ride in his "little white Corvette"

Jarodney's McCoy's "Blue Funk".

# Deep in Raider Country

Everyday between 10:45 am and 12:25 pm Northeast students fill empty stomachs, catch up on homework, and spend time with friends on lunchbreak. This year there is a major change in the way the lunchroom is run. This welcomed change is called "The Express Line ." The Express Line offers students a variety of foods as well as lessening the time of waiting in line. The students at Northeast enjoy the freedom and the relaxing atmosphere on campus during lunch with popular hangouts being the breezeway in front of Mark Smith and Lassetter, the Lassetter gym, and of course the lunchroom. Although there is often conflict over which lunch half is the best one to be on, lunch break is one of the most enjoyable moments during the school day.

A group of Raiders clown around on lunchbreak.

A group of people on lunchbreak playing jump rope.

Alfatina Jordan and Kizzie Ross are happy to be back together after a long summer.

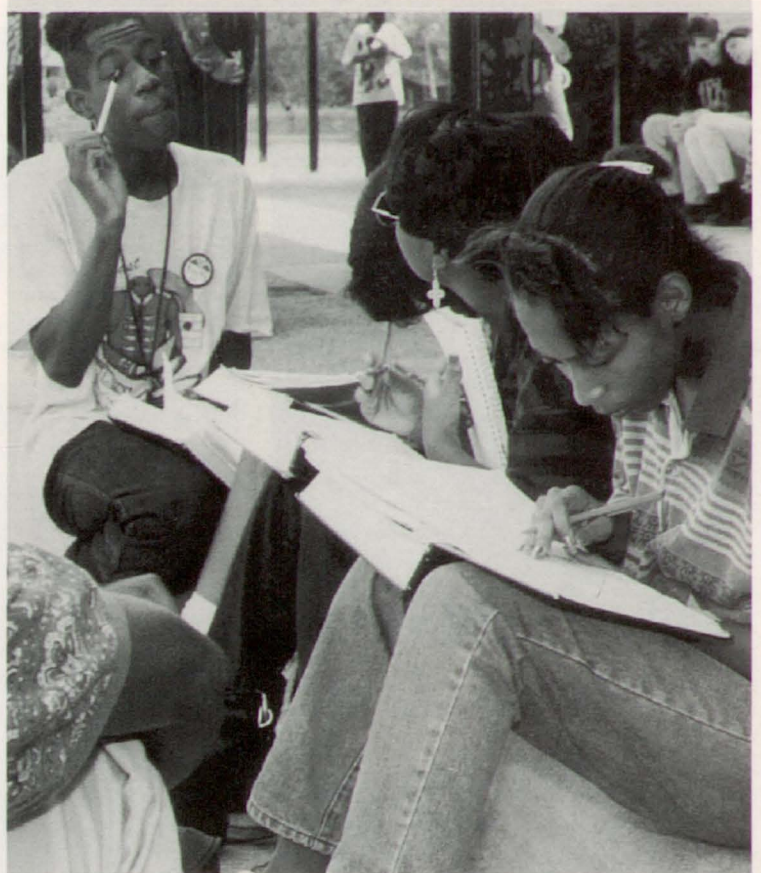

Senior Kenny Brown and Junior Shalandria Ware share a special moment together.

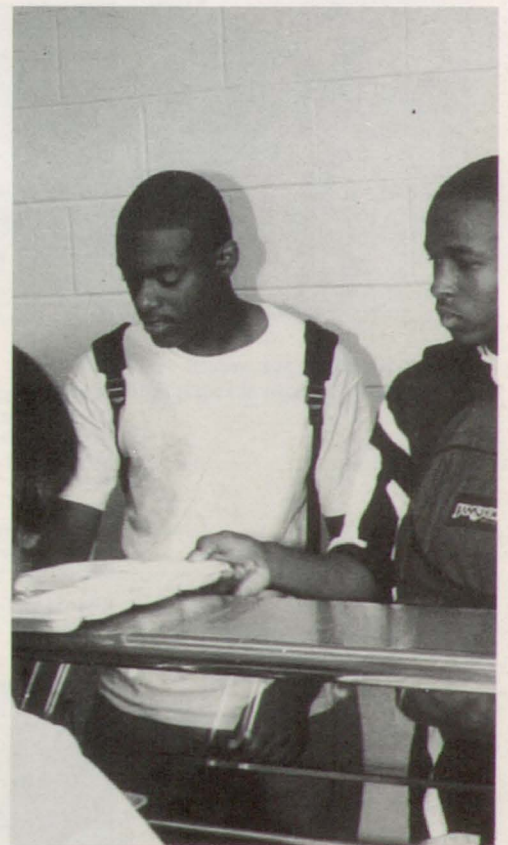

A group of friends tripping out on lunchbreak.

A group of Seniors studying for the next class.

Raidettes chillin' in the sunshine on lunchbreak.

"Yo hook me up with some more fries."

## ORAL REPORT

"Okay! Class! this a very important subject. I want to be sure that you totally understand. What I want you to do is an oral report."

These are words that EVERY student hates to hear, Unfortunately it has to be done. What do you do?! How do you began?! How do you psyche yourself up?! Well, here's some experieces and tips that your fellow classmates have.

### PREPARATION:

"By reciting it in front of the mirror. Also, I'll get someone at home to listen to me, and give me their opinion."

### TIPS:

"I'll try to find an object in the center of the room, such as the clock and focus on it."

Melissa Hollingshed  
Sophomore

Mike Richardson tries to get his grade in Mr. Simmons' Geometry class.

### PREPARTON:

"Well, at first I'm nervous. I usually don't do my oral report until last, but I just say 'God be with me and give me strength to do this'."

### TIPS

The only thing that probably would serve as a good method is asking 'God be with me and give me strength to do this'."

Ricardo McLin  
Junior

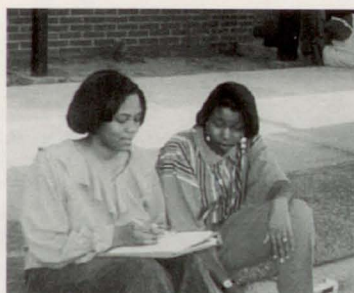

Doing an oral report is not that hard.

Sharon Sanders pays full attention to what is asked of her.

Gianna McClellan trying to hold out until June.

Jacquelynn Parks explains to Michelle Grant homework.

Students in Mrs Duhart's class are steadily writing as she dictates.

Northeast students are always doing their own thing.

Terrell White is known as a class clown.

Ms. Bruss is kicking much knowledge to her students.

### PREPARATION:

"First, I research the topic thoroughly, so that I will be able to respond to any questions asked. Next, I gather any materials that might be helpful when I give my presentation. After these two Steps, I practice my speaking, and then I'm ready."

### TIPS:

"Usually, I just take a few deep breaths and imagine myself in relaxing surroundings."

Cynedra Barksdale  
Senior

In Art class, Muhammed shows his talent in drawing a picture.

Maurice Shoultz makes tracks to his next class.

## Research

The Library is where Kim and Trish Watkins find information they need and serenity.

Learning doesn't have to be dull. You can be just like Lori Saunders. She's listening to music as she prepares to do some hard core studying

Senior Terry Bryant knows what time it is when it comes down to presenting an oral report.

Robert Saxby shows us an intelligent person knows that learning doesn't end after class.

Lunchbreak isn't just time for lunch; it's also time to expand your mind. An example of this is NE student Chandria Brown shown DEEP into her studies.

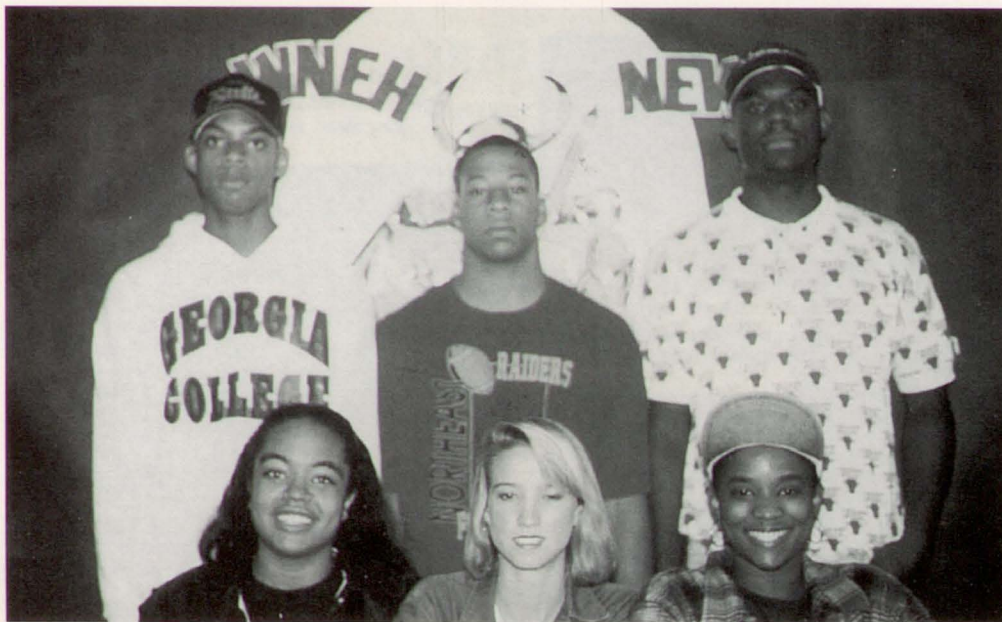

Tonya Joyce and Dondray Hurst are working together on a report. Group reports are winners with most students.

Shedrick Porter makes sure that the source for his research paper is what he needs.

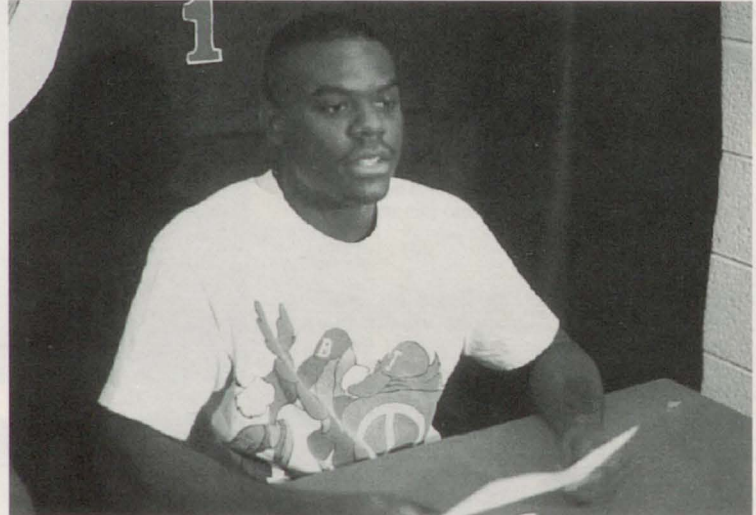

# WNEH News

Lights, camera "Good morning, this is WNEH News ..." These words can now be heard coming from the Northeast High School Channel 1 television in the morning during supervision. The WNEH News team is made up of students with a flare for news. They bring to us the announcements for the school day. This new school feature is modeled so that students can have visual participation in the morning. The WNEH News is a big success, and the students work so hard to make sure that each day's news is the best.

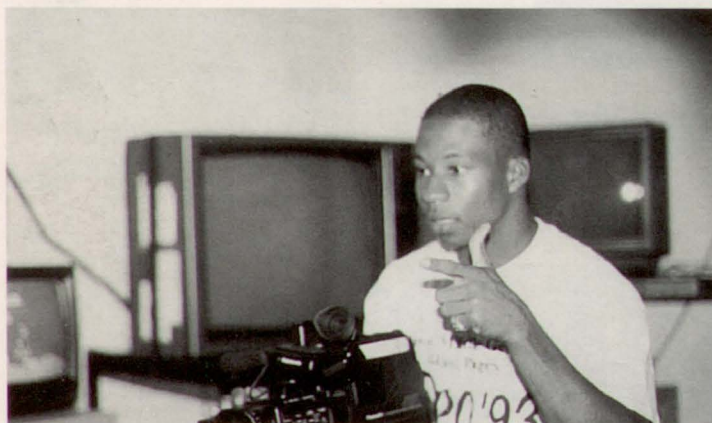

The WNEH News staff consist of Brandice Bailey, Mandi Brooks, Rhonda Martin, (Bottom L-R) Kelvin Wilder, Sammy Spann, and Avery Swarn (Top L-R).

News anchor, Brandice Bailey, leads off the news update each morning.

Sports anchor, Avery Swarn, gives out the morning sports announcements and recaps of last night basketball game.

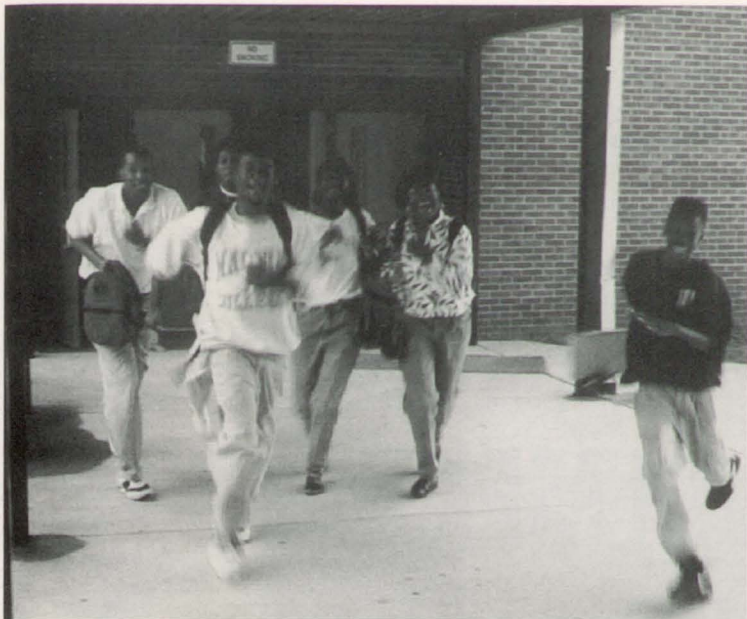

Producer, Sammy Spann, makes a few adjustments before WNEH goes on air to bring another day of top news.

Mandi Brooks and assistant newscaster, Tanya Walker, proofread a few announcements before air time.

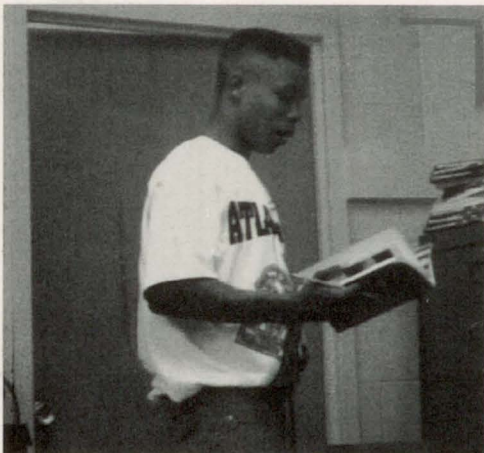

As the bell rings students rush to thier next class, to keep from getting detention after school.

# Students At Work . . .

Juniors Timiko, Joi, Sheldon, and Benjil sit in the library and discuss their class assignment.

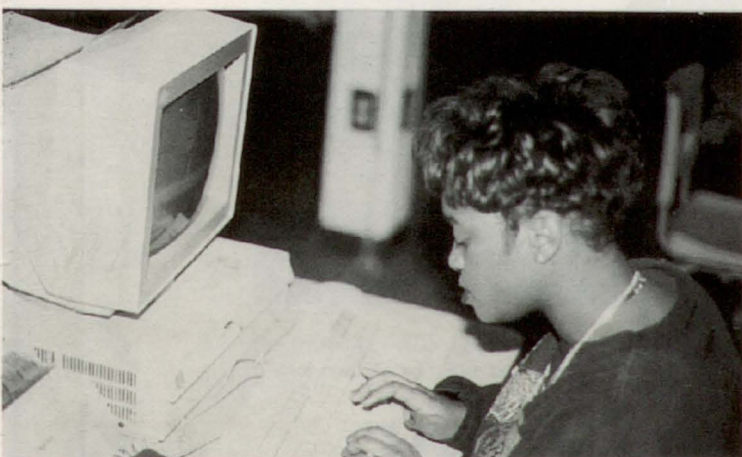

Marlon Chester looks through a book and tries to think of some general ideas for the Salmagundi Magazine.

Senior, Takela Booze, jots down a few notes for her research paper in the library.

Georgia College students, like Mrs. McCleod, also take time at Northeast to perfect thier work by experiencing the job of a teacher for their career.

Raquel Johnson use one of the new computers in the library to complete her assignment.

A couple of students in Mr. Prosser's class gather around as he shows them some art techniques which they will use later on.

## Deep in Prayer

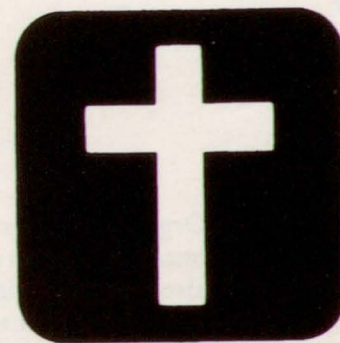

This year a new kind of club, dubbed Prayer Club was started at Northeast. The club was started by students for students, and students hold active leadership roles in the club. The club meets on Wendsday mornings at 7:15 a.m. in Room 116. At club meetings members are greeted by guest speakers, pastors and evangelists who speak on various issues. Officers for the 1993 — 1994 are Takira Johnson — President, Lashawn Gray — Vice President. Mr. C. Andrews serves as Facilitator.

Down through the years, we have truly become young women and men. The innocence of our freshmen year is now replaced by a wisdom that is only achieved through experience. No longer do we walk in huge packs. We are now stable enough to walk alone. We don't look up to upperclassmen anymore: we are looked up to by underclassmen

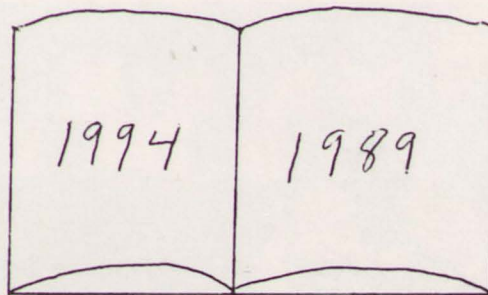

After four long years of homework, studying, final exams and following (or Breaking) thousands of rules, we have finally come to know what it really means to be a SENIOR!

It seems as if it were only yesterday when we first got up "on the hill". Senior fees, caps and gowns, college applications, prom and graduation weren't even important then. Now, we know their importance all too well!

But soon, those familiar faces and never ending routines will all be a distant memory. All of the scantrons, lunchlines, wild classes and fun times with friends will, along with those boring routines, gradually fade away.

We will go on to trade the red, black, and gold for some new color. Many of us will become happy and successful. Many of us may not. Perhaps we will not even remember that first pep rally, winning the spirit chain, the name of that good for nothing girl that stole your boyfriend or that mean teacher's name. Whatever lies ahead, one thing is certain. The years of our lives in high school will be remembered especially the last year — Senior year!

Thanks to Northeast School and the sensational class of 1994 for four years that were definitely DEEP!

# FRESHMEN

The Freshmen (Class of "97") aren't just starting a whole new school they are starting a new life. High school is completely differnt from middle school. Teachers don't always stand over you to make sure your'e diong the right things at all times. There will be a great deal of new

responsibilities,difficut experience to take on and a lot of new people to deal with. But if the Freshmen class will just stick together, work hard and pay attention they will make it through there first year of high school.

Harold Wilder stops to pose for the camera on his way to class.

Safe! Go! Sprint! Touchdown! Serve! Slam! Pass! Out!

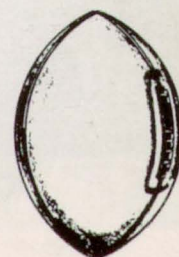

These are just some of those sports words known by Raider athletes of the 1993-1994 season. In this section you will see city champion and record setting Raiders. These Raiders have experienced the thrill of victory and the agony of defeat. They all have something in common and that's the excitement of playing a sport.

Coach Abel and Coach Persey discuss a few football plays at halftime during the Southwest game.

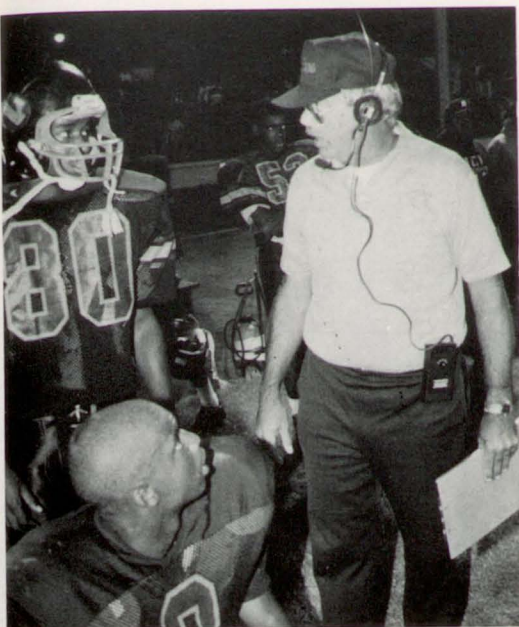

Jump Ball! Lorenzo Davis number 52 for the Raiders, knocks the ball away from a Central opponent, to give the Raiders the first drive down court.

Head football coach, Steve Edwards, talks to full-back, Calvin Harvey, about some tips that may come in handy on the field.

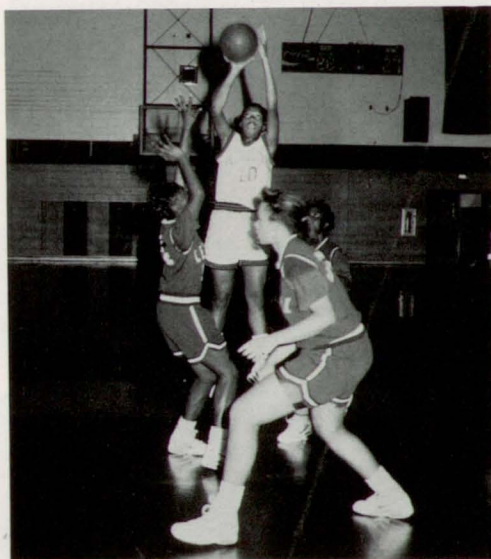

In the dugout, the Raiderette softball team take a break before heading out into the hot sun.

On the sideline, communication is the big key in winning a game.

Athletic director, Coach Alvin Copeland, marks the Northeast track before a cross-country meet.

Senior, Anitra Hancock, pulls up for a jump shot for two points.

Senior, Christy Mountain, returns a serve in a tennis match.

Raiders break out on the football field before the game.

# '93 Raiders...

After having an upsetting year and facing a harsh season ending with only one win, the 1993 Raiders had to show that this year was the season to shine. This meant a few Raiders had to start an early pre-season practice, practiced in a hot relentless summer, and give up other leisure time to

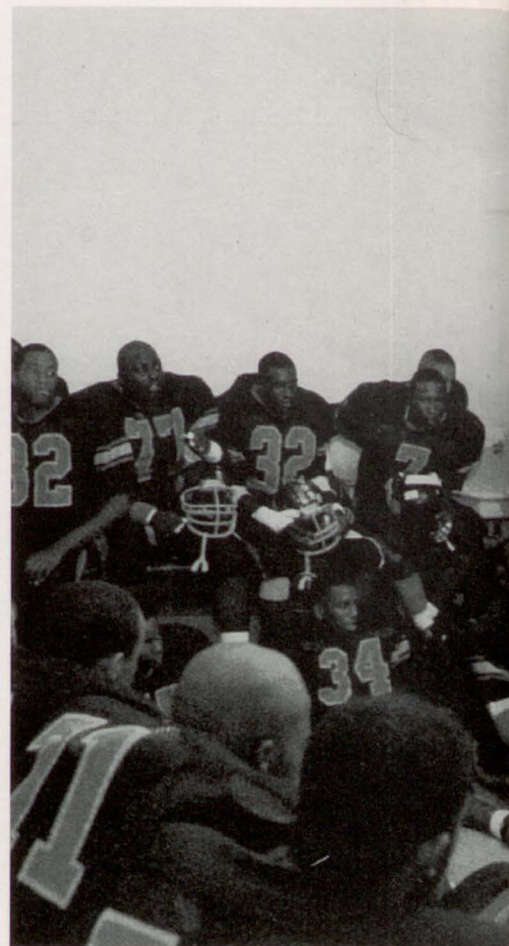

play the game of football. When some students heard of this they said, "no way." But some Raiders took the challenge and came home with the City Championship for Northeast High School of the 1993 season by leadership of Coach Steve Edwards.

D'Artich Wright, Terrence Woodard, Derrick Clay, Rodney Sherman, Al Lucas, Paris Hollingshed, Tian White, and Robert Saxby are some of the few who make up the 1993 Raider football team.

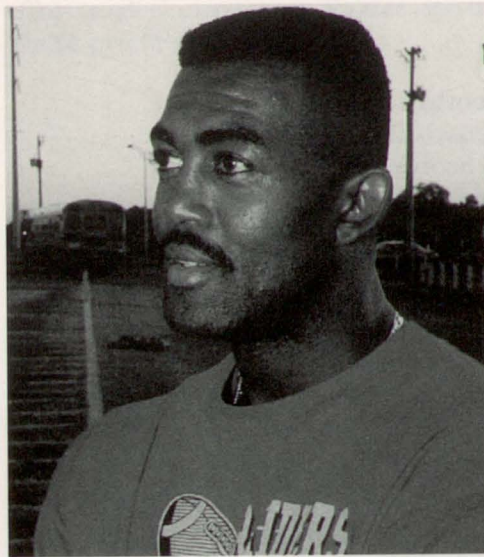

Linebacker Coach Freeman, Defensive Back Coach Haley, and Assistant Coach of Northeast watch as the Raiders win over the Southeast Warriors, 12-6

He maybe short but running back, Senior Reginald Jackson, was the big man behind the offensive power this season.

# 93 City Champions

Above, Coach Steve Edwards, is already gearing up for the '94 season. He plans on being the first coach ever at Northeast to win the State Championship title.

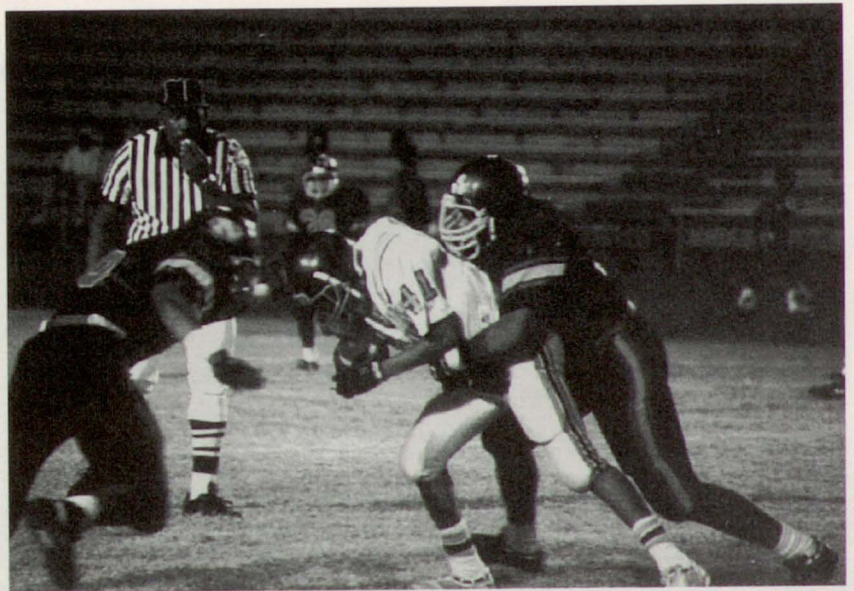

(Far left) A pep talk from Coach Edwards always does the trick in hyping Raiders up before another battle on the field.

**"It takes courage to come out for football and it takes talent to play it."**

"'93 leading receiver, Sophomore Tray Stevens, sprints down the field for a Raider first down.

'93 Leading Receiver, Sophomore Tray Stephens, sprints down the field for a Raider first down.

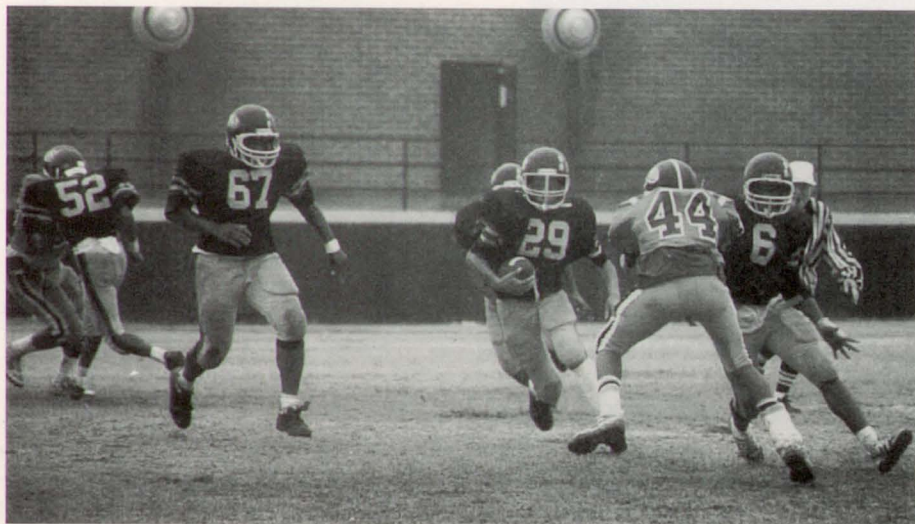

Think the offense is the only one with power, well the Raider defense makes a Southeast Warrior think twice before running the football again.

# Junior Varsity Football

The Northeast Junior Varsity Football Team had a good season. In the words of Coach Daniely, "it was close but not close enough." Scores following: Southwest 0-12, Warner Robins 6-9, Central 14-14, Northside 0-6, Southeast 0-12, and Baldwin 14-24. Overall 0 and 6.

Above Tom Brown rushing for yards against the Southeast Warriors, right top Coach Lamar Sarter coaches at the Northeast-Southeast game, and right middle, sophomore Dana Thomas recovers from a tackle!

Northeast Raiders are coming back from halftime to start another drive down field. Right Kenny Davis is preparing himself at the line to go out for a pass.

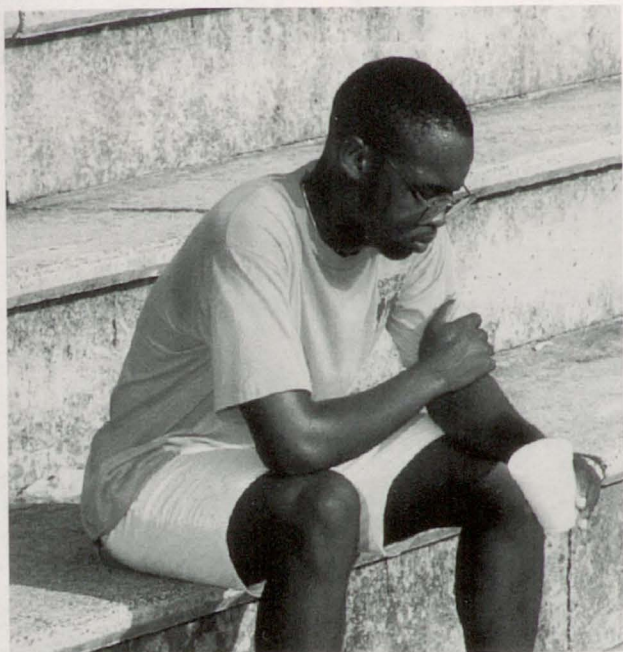

# CROSS COUNTRY

It's another success story of those Raiderettes. This year they were simply unstoppable, with their two leading ladies, Mandi Brooks and Tanisha McDade. This year the

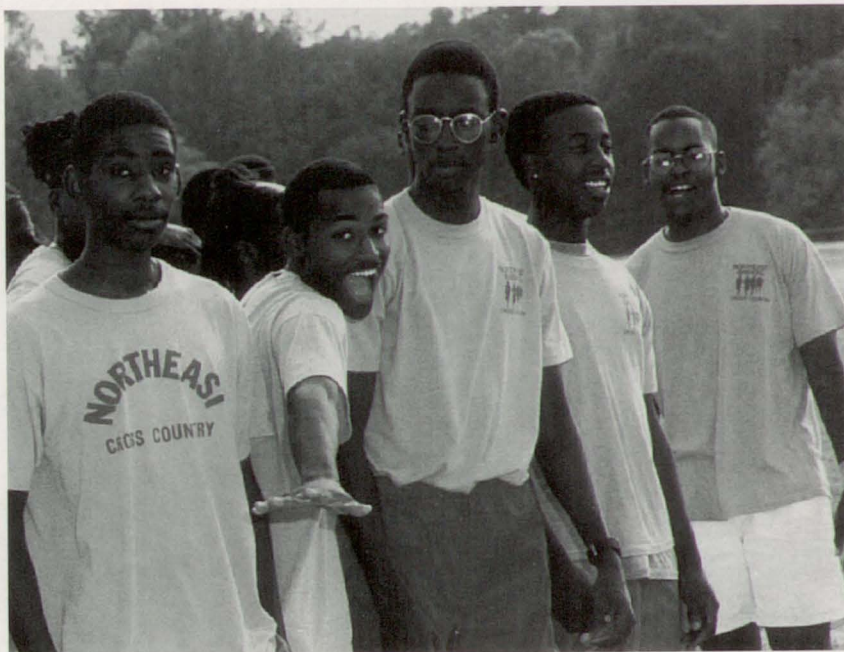

Raiderettes won the City Championship and Region. The guys put forth a lot of effort and showed true Raider spirit. We're proud of them all.

Timiko Gray sits and patiently awaits the race to start.

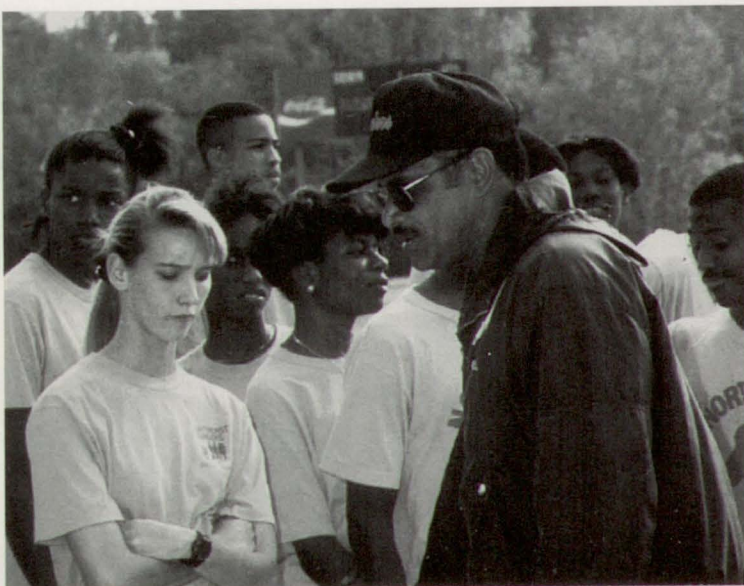

Are you tired and thirsty, Teddy?

A moment to pose with teammates before the meet.

Watch them as they go, way to go Raiders!

Coach Copeland talks his team to victory.

# IT'S ALL ABOUT TEAMWORK

Throughout our lives we've been tripped up many, many times. Our bruises and tears have been far too many to count. But even though our pain was great, we're thankful for it's hurt.

So, what does it take to make a Raider? Hard work, indulgence, zeal, strategy, strength, and encouraging leadership. All these things are needed for a team to be successful. The Raiders have proven that they possess all these qualities plus another of even greater importance. This one being teamwork. The 1993-94 Raiders believe in a strong brotherhood and this is what makes them the mighty Raiders they are.

# “Shoot Da Half”

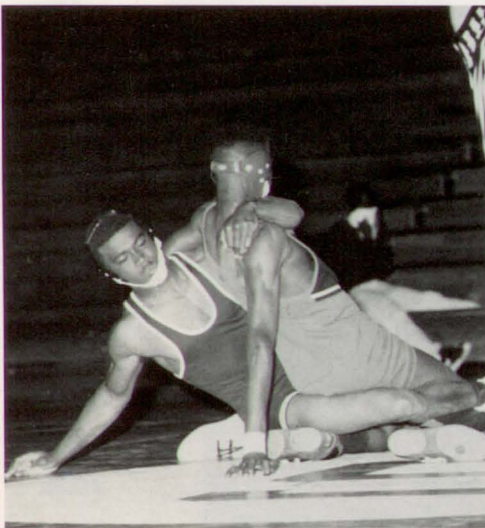

Wrestling in the 1993 — 1994 season turned out to have a lot of new comers to this sport. Only six veterians returned this year. Coaching Northeast to another exciting season were of course Coach Fred Persley and Coach Stan Haley.

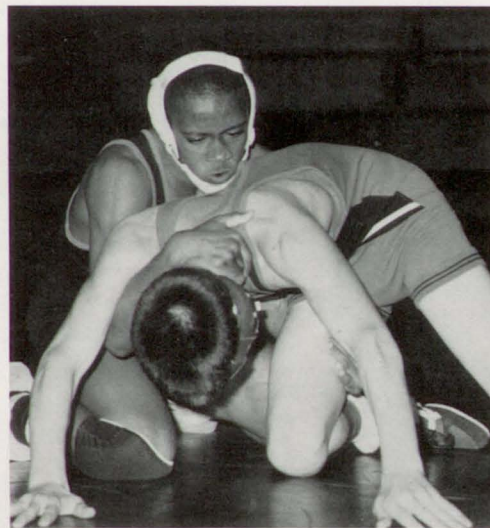

Coach Persley groups the wrestlers up to go over a few rules before the southwest match

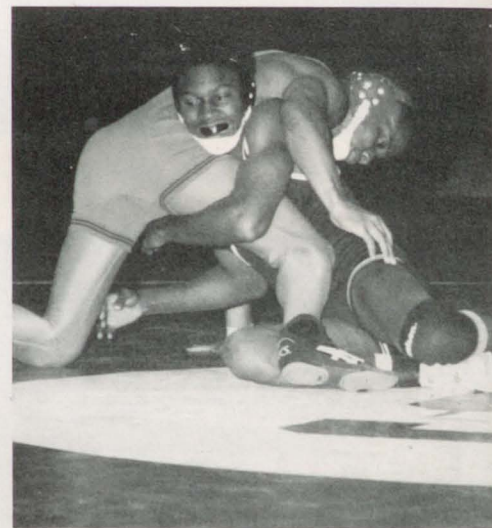

Coach Haley and Coach Persley take a glance at Senior Joe Watsin's chin before putting on his head gear.

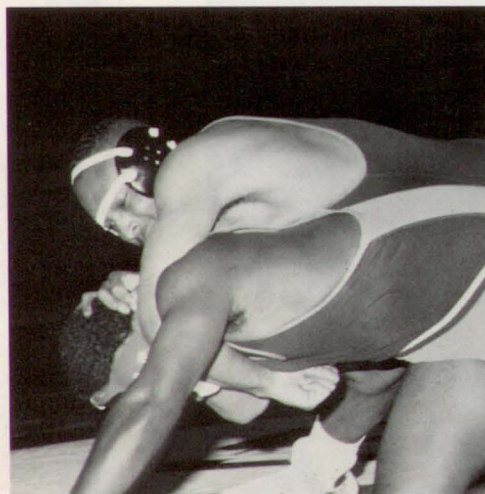

Senior Argentino Gibson works for a reversal

Freshmen, Scott Glover, shoots a half nelson on a southwest opponent for a pin.

Senior, Jermaine Person, crosses faces with his opponent to get on top.

A moment prayer and cheer before leaving the mat.

Junior, Tim McElroy, sets up to put his opponent on his back.

Senior, Ken Neal, dominates his opponent throughout the match.

# Raiderettes Bat up and Swing

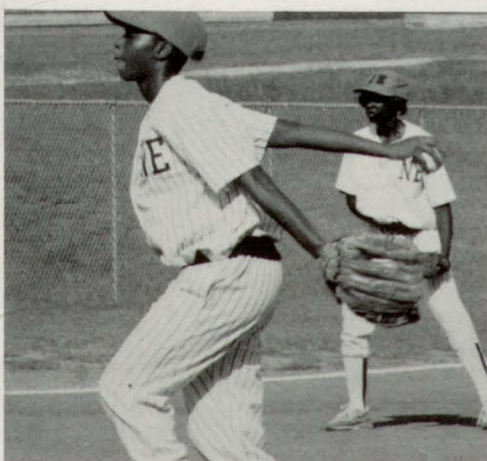

The Northeast softball team really put forth a lot of effort. It is often we say that a season record doesn't reflect the hardwork of a team. This is definitely a case where that is true. This year the team was coached by Mrs. Judy Whitaker, who taught them the art of softball and also the sportsmanship that comes along with it.

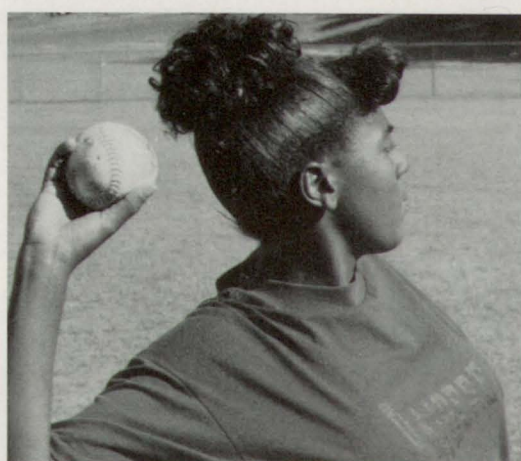

Watch Veronica Mullen as she hits on to the outfield.

Below — I do believe she is out!

Jalisha Barron express her skills on the field.

# DEEP IN LOVE

On a typical day, one canvassing Northeast's campus will surely spot a vast array of couples engaged in various activities: holding hands, dressed alike or just tripping out. However, veterans here at NE know that a few couples are in a little deeper than others.

Among these are Seniors, April Bryant and Shederic Mims, who have been together for a whopping 4 years. When asked what has made their relationship last as long as it has, April replies, "Trust, respect, and honesty." The two met at a dance, citing the other's appearance and personality as what attracted them to one another. April and Shederic enjoy going to the movies, out to eat and to the park. The two both encourage the other to come to school every day and to study hard so that they can graduate.

April and Shederic. How about a little more smile, Shed?

Nicole and Dra display their photogenic qualities well.

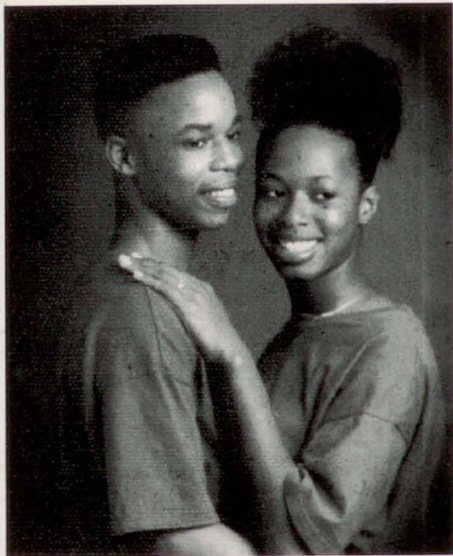

Nicole Terry and Deundra Cornelius are another popular couple in Raider country. Nicole and Dra, as he is affectionately called, celebrated their second year on October 19th. For this special occasion Nicole was serenaded with the popular hit, "Anniversary" by Tony Toni Tone'. Nicole and Dra enjoy dinner dates and going to the movies along with just cooling over each other's house. When asked what attracted them to each other, deciding factors included Nicole's beautiful smile, complete with dimples for Dra, and Dra's cuteness and sexy eyelashes for Nicole. Nicole says she thinks it is important to motivate Dra to come to school every day but claims she doesn't need the extra push (sure Nicole). She added that there isn't a stronger or more domineering person in the relationship and hopes that it lasts forever.

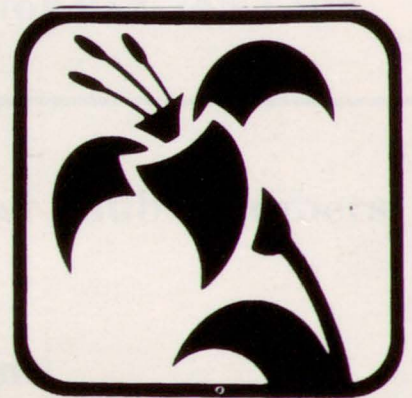

# TOGETHER FOREVER

The last of these couples who love to spend time together are Marlon Chester and Jalisha Barron. These two have been together for a full year. Marlon says there wasn't one thing that could change the way he feels about Jalisha. It was her as a whole that kindled that flame of love in his heart. Her attraction to him was a little different. For her it was his sense of humor, his sweet personality, and he just had this look about him that made her draw closer to him. Their relationship has last due to the understanding and love they share. They are always there for each other to do their best that they can do for each other. Marlon and Jalisha say they want to spend the rest of their lives together and if problems happen to arise, they will work them out together.

Jalisha and Marlon, don't they look happy together.

Shall I compare thee to a summer's day?  
Thou art more lovely and more temperate.  
Rough winds do shake the darling buds of  
May,  
And summer's lease hath all too short a date.  
Sometime too hot the eye of heaven shines.  
And often is his gold complexion dimm'd;  
And every fair from fair sometimes declines,  
By chance or nature's changing course un-  
trimm'd.  
But thy eternal summer shall not fade  
Nor lose possession of that fair thou ow'st;  
Nor shall Death brag thou wand'rest on his  
shade,  
When in eternal lines to time thou grow'st.  
So long as men can breathe or eyes can see,  
So long lives this and this gives life to thee.

## Truly Something Special

Truly Something Special — November 5, 1993 was a night to remember for the homecoming court of Northeast High School as they walked down the 50 yard line beneath a JROTC saber arch with their hearts pounding and racing. They waited to hear who was going to become the winners of the 1993-1994 homecoming court. The introduction serenade from the Northeast High School Marching Band played. Time was boiling down. Then.... "Mr Northeast — Richard Ruth-erford and Miss Northeast Christy Mountain. Miss Senior Takelia Booze; Miss Junior Mandi Brooks; Miss Sophomore Tiffany Billue and Miss Freshmen Niya Hicks. It was sadness and happiness as the 1993-1994 Homecoming Court of Northeast High exited off of the Porter Stadium field.

On November 8th the sound of the bell was a different tune as the students welcomed a new member of the Northeast administration. She came to us as Mrs. Bell, unknown to many of us, but at the same time she has been constantly improving our surrounding and definitely making a mark that calls for a sound of a different bell that rings with triumph.

Mrs. Bell was the first Black woman to graduate from Mt. DeSales Academy and has spent numerous years in college. She believes that education is the key to success, and she has a lot of ideas that will help improve our school. During the time she has been here she has had new lights put around our school so after games it won't be so dark and many other projects that will affect our school in years to come.

# Northeast Teaches More

What is the name of the program at Georgia College you are in that allows you to be a teacher?

Do you have a particular class (period) you enjoy?

What influence have the students of Northeast had on you? Would you say it was positive or negative? Explain?

What lesson have the students of Northeast taught you

After teaching at Northeast do you think you want to continue being a teacher?

What preconceptions did you have about Northeast? Would you say they prove to be true?

L-R Richard Jordan and Tammy Cambell

It's the MAT program. It's a Master Program which will be completed in one year. The full name is Master of Arts in Teaching.

So far, I think I like the younger students. It's a greater challenge to get them interested in English. (1st period-9th grade)

Mostly positive. I see so many students try and so many students care about themselves and others. The only thing that is the slightest negative to me is the apathy of student's. It breaks my heart to see students voluntarily throw their lives away.

Kids are kids no matter where they come from, what color they are, or what kind of life they lead. If you open your heart and your mind, the student will learn and trust.

I had never heard anything positive about N.E. I knew that the majority of the student body was black, and that was intimidating. Now, I wonder how I could have ever felt that way!! My preconcieved ideas were dead wrong and I'm so happy I had the opportunity to learn that!

Katheryn Thomas

The name of the program is Masters of Art in teaching (MAT)

The particular class period I enjoy is third. The tenth graders are inguisitive and enjoy learning.

Most of my contrast with student has been with my mentor teachers I am impressed with how well behavior the students have been. Students in the hall way have been courteous too.

Yes, Being at Northeast has not interferences with my aspariations to become challengative of wild teaching is.

I attended Northeast in the past and came here with an opened mind. I was curious, however about the changes in teaches and the black/white ratio.

The "field training" or own the job training/observations has certainley convinced me that this innovatious approach to training teachers is a good one. It causes one to evaluate himself/herself regarding whether teaching is an appropriate career choice. A good teacher should care about all students.

Mrs. Milton

Master of Arts in Teaching Secondary English Education.

Second Period-Honors

Positive: They have given me a more realistic impression of the educational system, young adult mentality and behavior.

Yes

School-yes

That it is not necessary for a teacher to be friends with the students to be a good teacher.

John Bryon

# Than High School Students

Jenny Bumpus, and Kelly Harrison

Mrs. Massey

Masters of Art in Teaching. It is a field based program designed for college graduates to obtain their certification and masters degree.

I enjoy all of the classes, but my favorite would have to be 2nd period Civics.

The students have had a positive influence on me and my teaching methods. Many are very difficult to each but once the connection are made the effort is forgotten.

Yes!

I guess I thought it would be very disorderly and the students would be disinterested. I was pleased that my preconception was incorrect.

There hasn't been one particular experience that I can tell you. I think it is a collection of observations and discussions with students and teachers. Being kind but stern is a lesson that I will take with me as I continue the program and begin teaching.

Kim Molnar

M.A.T. (Master of Arts in Teaching)

3rd period — World History — because they were the first class I taught and were, for the most, receptive.

Positive: I appreciate their diversity. They have different interest and priorities. All teenagers are not the same.

Yes.

I'm not from Macon, so I had few preconceived ideas.

Practical experience, getting to know a variety of students, day-to-day schedules of teachers, and observing various teachers.

Sherill McLead

A Master in Education is the degree I am seeking. This is the pilot program for this degree in secondary education at GA. College. This hands, on approach is very effective.

The students in both Honors Chemistry classes are curious and intelligent. They are a pleasure to work with.

The students I have dealt with confirmed my faith in the leaders of tomorrow. With the proper guidance many of the students at Northeast will lead successful and fullfilling lives.

Definitely yes. I would welcome a job from Northeast. I love the Macon area.

I had heard some bad things but they all proved to be exaggerations. Students are pretty much the same everywhere.

I feel that teachers learn a lot from their students. If a teacher is intune with their class the pupil will actually guide the teacher. Often times we as teachers don't listen and the students in turn are frustrated. Honet effective communication is a must!

# EVENTS OF OUR TIME

Floods hit the Midwest in late spring and early summer — thousands of farms and homes were lost, fields were swamped and towns were submerged. The states that got hit the hardest were Iowa, Illinois and Missouri, causing billions of dollars worth of damage.

In September the Bosnia parliament rejected an international peace plan for that devastated republic. The move, postponed a settlement that would have ended the 18-month-old war that has partitioned the country into three ethnic states for Croats, Muslims and Serbs. The United Nations has sent a peace-keeping force to the former Yugoslavia to help keep peace among the three warring factions.

The AIDS virus continues to spread. The Centers for Disease Control and Prevention estimate there will be 40,000 to 80,000 new HIV infections in the United States this year.

Helping to keep the environment clean became an important goal and a corporate mandate for many companies. Johnson & Johnson, McDonald's Corp. and leading users of paper-base products took an unprecedented environmental initiative and joined together to boost their use of recycled paper.

# MUSIC

Dwayne and Raphael Wiggins and cousin Timothy Christian Riley are Tony! Toni! Toné! Their most recent third album "Sons of Soul" is a follow-up to the 1990 R&B hit record "The Revival." The group has been together since they were kids in Oakland, California.

The rap group Onyx hit the charts with a bang this year with their latest album "Bacdafucup." Not long after that, their hot single "Slam" hit the top-selling charts and remained a best seller for several months.

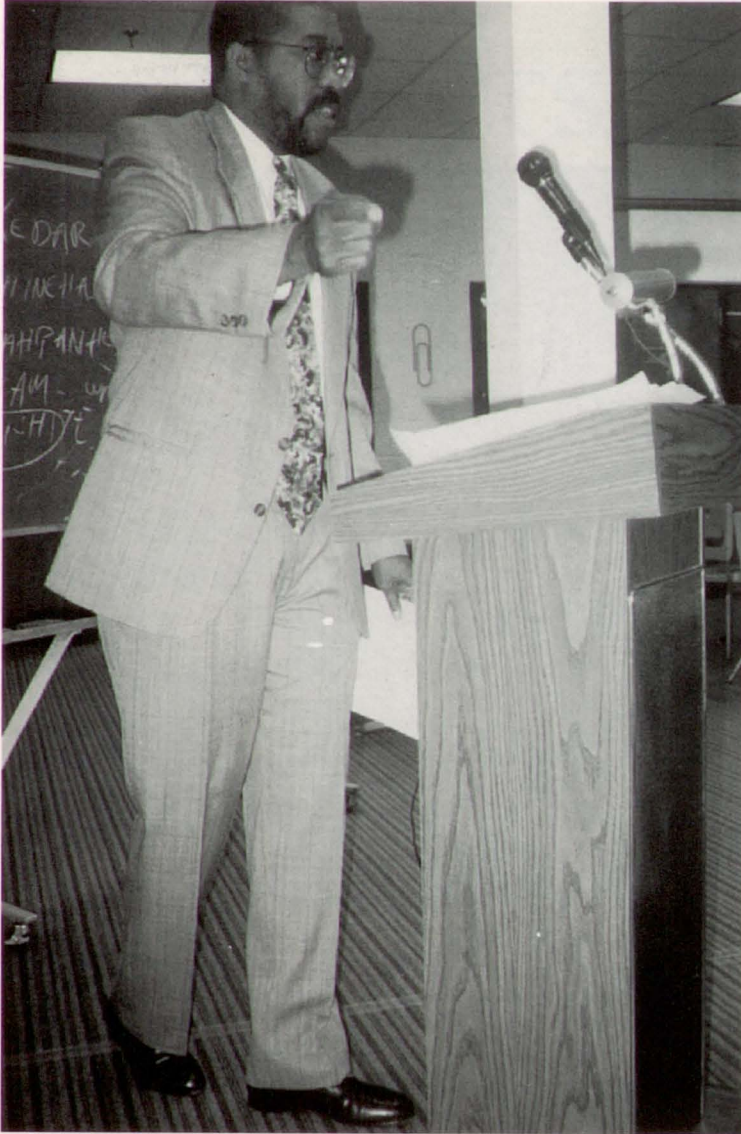

SWV — Coko, Taj and Lelee — Sisters With Voices — have been drawing attention with their singing abilities since childhood. Their debut album is a fresh collection of urban street beats, soulfully oldstyle ballads and a little rap.

# DIGGING DEEP

Mr. Toni drops some knowledge on us about African language.

During Black History Month, Northeast students went to a few seminars. These seminars help them to dig deeper for their roots. Visitors from churches and museums came to speak not about black achievement but their history. Mr. Robert Toni showed us that different aspects within the Bible indicated that black people were present, unlike the portrayals we receive in movies' depictions of Bible events.

Mrs. Collins and Mr. Espy introduced us to the religion of Kwanzaa. Although it hasn't been established long, it is slowly spreading.

With the help of these speakers we are able to dig deeper for our roots.

Shakita Jackson listens intently to words of knowledge.

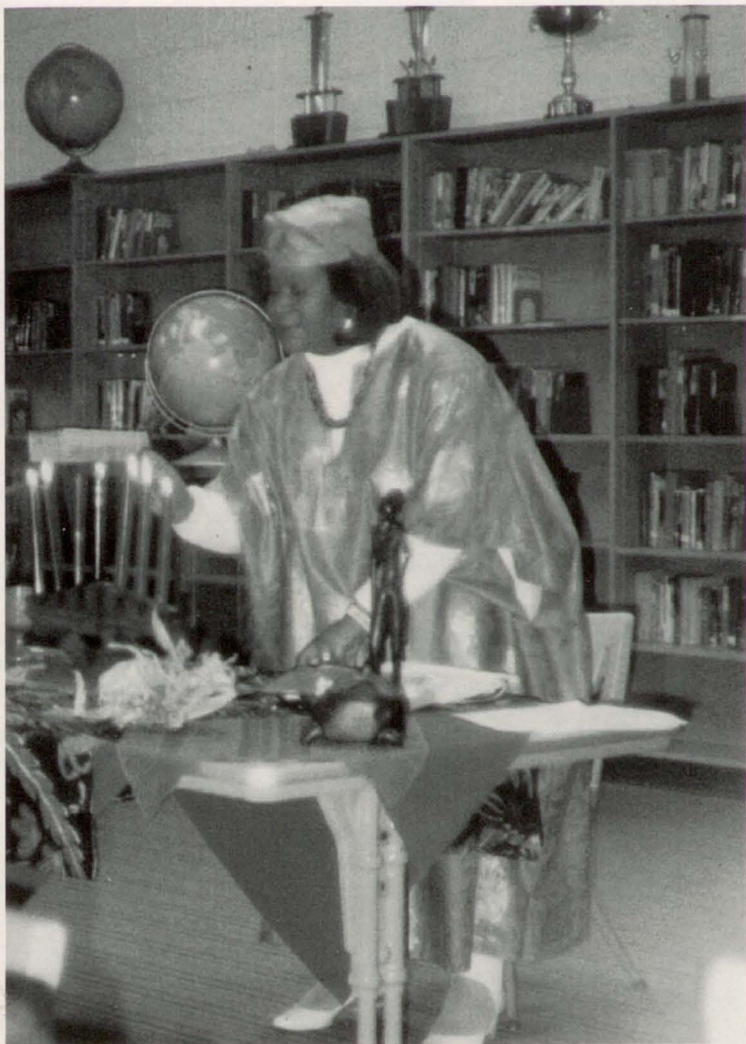

Precious King comes prepared with her Bible to follow along.

Trinisha Horton gives all her attention to the message being given.

# FOR OUR ROOTS

Mrs. Hollins demonstrates the lighting of the candles during Kwanzaa ceremony.

Mrs. Hollins sets up a table full of Kwanzaa symbols.

Joyvaka Hill and Walter Williams are interested as Mrs. Hollins preaches on.

Mrs. Hollins goes on to explain each of the symbols used during Kwanzaa ceremonies.

# Steppin out the Deep

As you turn the last page of your In kNEe Deep experience, you must also start stepping out of the water. The year has been full of fun, frolic and learning but this is the end. There comes a time when we must look around us and see that the time has come to move on to the next level, out of the deep. Different people take different levels but we are all playing the same game. Never forget the friends you've made or the fun you've had because every ending has a new beginning. The fun never stops and the friendships keep coming. Just remember to be In kNEe Deep in 1993-1994 was the way to be and that time will be with you always.

Reginald Jackson and Carlos Driskel slap some dap before going to class.

Congratulations to the graduation class of 1994.
